## Profile

---

As a proactive problem solver with a self-taught basic foundation in ReactJS, Spring Boot. I am driven by a passion for continuous learning and innovation. My ability to adapt and tackle challenges independently positions me as a valuable asset for dynamic development teams. I am currently seeking an opportunity to leverage my skills and contribute meaningfully to your projects.

## Professional Experience

---

2022/02 – 2022/03 Dhaka, Bangladesh	<b>Internship Trainee</b> Banglafire Solutions Ltd As an internship trainee, I was given the task of learning and developing a small frontend project using ReactJs which sparked my interest in this amazing framework, and since then, I have been learning it on my own.
2024/08 – 2024/09 Dhaka, Bangladesh	<b>Intern Software Developer (Backend)</b> CMED Health As an intern software developer, I was given the assignment of developing a small and simple telemedicine software using Java Spring Boot and other necessary libraries.
2024/11 – present Dhaka, Bangladesh	<b>Jr Web Developer</b> Fusion Infotech Ltd As a Junior Web Developer, I build web applications that meet client requirements by writing clean, efficient code and implementing responsive designs. I collaborate with teams to troubleshoot issues, ensure usability, and deliver scalable solutions within deadlines.
